## Sit to Stand Table

### ASSEMBLY INSTRUCTIONS

#### Before You Begin:

Please identify all component parts and hardware pieces required before you begin. Carefully remove all of the components from the packaging and set aside for assembly. Assemble on a soft surface to prevent scratching during assembly.

#### Caution:

Tighten all components securely before use. Failure to do so may result in personal injury. DO NOT use any sharp objects to open plastic wrapped components as damage to product or competitor may result.

#### Warning:

CHOKING HAZARD - Small Parts. Adult Assembly Required.

Injury may result from tipping furniture. You must install the Tipping Restraint Hardware with the unit to prevent the unit from tipping and causing any accidental injury, instability, death or damage. The tipping restraint is intended only as a safety measure, it is not a substitute for proper adult supervision.

This tipping restraint is not an earthquake restraint. If you wish to add the extra security of earthquake restraints, they must be purchased and installed separately.

Serious or fatal crushing injuries can occur from furniture tipping over. To prevent furniture from tipping over it must be permanently fixed to the wall. Fixing devices for the wall are not included since different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home.

Failure to detach this restraint before moving furniture may result in injury or damage.

**DO NOT ALLOW CHILDREN TO CLIMB ON FURNITURE**

### **Our Warranty Statement**

This warranty covers manufacturing defects associated with your new product. The product is warranted from the original purchase date and to the original purchaser for normal usage, according to the below-referenced specifications and limitations.

- Non-moving metal parts are warranted for 5 years.
- Component parts including pneumatic cylinder, control mechanism, base and casters are warranted for 2 years.
- All other items are warranted for 1 year.

Normal usage means use in compliance with the restrictions and weight limits specified for the product. In the absence of product-specific restrictions and weight limits, normal usage means use for no more than forty hours per week by persons weighing 250 lbs. or less. Coverage terminates if the product is sold or otherwise transferred. Repairs made by parties other than Belnick also void this warranty.

This warranty will not cover: (1) labor, freight, or damage from misuse, abuse, negligence, alteration, assembly, installation, attachments, accident, vandalism, acts of nature or any other event beyond the control of Belnick; (2) tearing, scratching, scuffing, or blemishing of leather or fabric; (3) cosmetic damage that may result from normal usage; (4) damage attributable to use by persons exceeding specified weight limits or commercial use exceeding forty hours per week; or (5) rust or other damage caused by exposure to moisture. The user assumes all risk of injury resulting from use of this product. Liability for incidental or consequential damage is excluded. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

## Initialization Process / Resetting Your Desk

The "Initialization Process" must be done before using the desk for the first time and also for resetting your desk. To reset the desk, press and hold the DOWN key for 10 seconds until the LED display shows "Rst" and the desk will start to slowly lower. Keep holding the DOWN key while the desk is moving and the LED is still showing "Rst". The desk will reach its lowest setting and then move up slightly until the LED shows "28.3". Once the LED displays "28.3", you may release the DOWN key. The "Initialization Process" is now complete.

## Error Code Instructions

Error Code	Reason	Solution
Er1	Motor Line Open Circuit	<ol style="list-style-type: none"><li>1. Disconnect and reconnect all the cable lines from "Part H" and "Part J". The LED will display "Rst".</li><li>2. Press and hold the DOWN key until the desk stops moving and the LED displays "28.3".</li><li>3. If the above step fails, please contact Customer Service.</li></ol>
OL	Low Main Voltage	<ol style="list-style-type: none"><li>1. Weight limit over 110 lbs, please remove some items off the table and try again.</li><li>2. If the above step fails, please contact Customer Service.</li></ol>
OH	Motor Overheat	<ol style="list-style-type: none"><li>1. Press any key to restart the function.</li><li>2. If the above step fails, please contact Customer Service.</li></ol>
Rst	Initialization Process	Desk in the process of resetting. Press and hold the DOWN key for the desk to slowly lower until it reaches its lowest setting. Keep holding the DOWN key until it stops moving and the LED displays "28.3" (28.3inch). The desk may now be operated as normal.
